

# The North GA Playground Project

The Big Canoe Chapel Men's Fellowship Group and Brightview Landscaping Company Donated their time and resources to completely rebuild and landscape the playground at our North Georgia Facilities. Some of the wonderful men involved included, Keith Scott, Steve Wiggins, Tom Greene, Dennis Shearer, Steve Seinberg, Dick Girdler, Mike Twiss, Jim Pollner, and Ron Ceravolo. Bob Reich was the head of the Brightview project, (pictured above). This provides a safe and fun play environment for the children that both live with, and visit, the women of Abba House North. Our children's program is unique in the fact that a lot of the kids that come here have trauma of their own to deal with and may come from broken families. This playground has been a true bright spot for these families as they heal and rebuild their relationships. We are overwhelmed by your generosity for our community.
